BOARD PREPARES HOSPITAL DATA FOR FUND REQUEST

Assembling of data proving the need for state and federal funds to help finance erection of a hospital in Washington Township will be continued by the directors of Washington Township Hospital District at a meeting next week.

Wednesday night the board started assembling facts to present to the State Advisory Hospital Council on February 28 in San Francisco. At that time formal application will be made for state and federal aid to build a hospital here.

The request will be presented by a committee consisting of Directors L. S. Whitaker, M. F. Silva, A. E. Alameda, A. E. Walton and Fred Melhase, accompanied by E. A. Quaresma, E. E. Enos, and a doctor representing Washington Township branch of the Alameda County Medical Association.

Facts which have already been introduced into the district's request include: (1) at present more than 40 township residents are in outside hospitals, and (2) at various times all local doctors are out of the township caring for hospitalized patients and are not available for emergency call.

$2,000 DAMAGE IN WEEK-END CRASH

Damage estimated at approximately $2,000 was caused last Sunday night when a Hayward driver lost control of his car and ran into the home of Mr. and Mrs. Peter Johnson, 191 Thornton Avenue.

Juarez' car was discovered upside down with the rear resting on the porch. It had careened off the porch into the Johnsen car, parked in the family driveway.

Juarez was not injured in the crash.

Two front porch posts were smashed in the accident, and the front room window was broken.

The Johnsons are proprietors of the California Inn in Centerville.

$3,000,000 Conservation Dam Project To Be Proposed In Congress by Sen. Downey

A $3,000,000 conservation dam project which should measurably relieve the critical water shortage problem in Washington Township within two years was assured full support by U. S. Senator Sheridan Downey, who spent Sunday here studying the needs of the area. The Senator made the inspection at the request of President W. D. Patterson of the Alameda County Water District.

After first viewing the percolation project of the water district now under construction at the gravel pits west of Niles, Senator Downey was taken to the Sunol and Livermore valleys to look at possible dam sites on the La Costa and Arroyo del Valle Creeks.

He gave assurance that he will ask Congress to authorize an early survey of the area. And if the survey demonstrates the feasibility of the two dams, he will seek emergency federal funds, estimated at $3,000,000, for construction.

The Senator stated that he hopes actual construction may begin next year, with relief of the water shortage by the summer of 1951.

Indicating thorough knowledge of the local water problem, the Senator told Mr. Patterson and Engineer H. F. Harrold of the local water district that he considers the entire bay area as a single unit in its needs for more water. He stated that hope for the farming regions of Alameda and Santa Clara Counties rests in immediate development of available sources, rather than in long-range, uncertain projects such as the proposal to bring American River water into the bay area.

In this connection, the Senator expressed commendation of the Alameda County Water District for its use of gravel pits for percolation of water.

Senator Downey spent Monday in San Jose, devoting his full time there to hearings on the water situation. Mr. Patterson, Mr. Harrold and Supervisor Chester E. Stanley represented local interest at these hearings.

A full engineering study of the Reber Plan was promised by the Senator, who termed it one of the West's greatest projects. He indicated his dissatisfaction with the report of the Joint Army-Navy Board which two years ago studied the Reber Plan, primarily for its possibilities in transportation across the bay.

Senator Downey stated that the Reber Plan must be considered principally on its merits as a means of water conservation.

Following the two days of association with the Senator and close consultation on local water problems, Mr. Patterson had this to say:

"Instead of sitting in his office, Senator Downey goes to his problems. He is very sympathetic to the whole situation. I am deeply grateful for his interest.

"The Calaveras dam holds back 45 per cent of the runoff water of Alameda Creek, leaving 55 per cent for possible use in the Livermore, Pleasanton, and Niles

LOOKS, TALENT--THEY HAVE IT ALL, SAYS AUDIENCE

As a male member of the audience remarked after the Bary ensemble concert at the high school auditorium in Centerville Wednesday evening: "They were superb. They played with precision, had an excellent tonal quality, good arrangements, and—besides that—they were darned good looking!"

That about sums up the consensus of the entire audience who were fortunate enough to hear the group of attractive young women.

Proving again that the old adage "familiarity breeds contempt" sometimes works in reverse, the most popular numbers the ensemble played were those the audience had heard over and over again. Gershwin's "Rhapsody in Blue" really brought down the house, as did the young blonde cellist who played "Ave Maria" with such depth of feeling.

Other preferred numbers were the popular "Sabre Dance" and a rendition of "The Flight of the Bumble Bee" by the clarinetist.

The whole program, however, caught the fancy of the audience which responded with enthusiastic applause, and this, the second in the series of the township's Community Concerts, was voted to be an outstanding success.

Miss Bary, organizer and leading soloist of the group, played several piano selections that proved to the audience that she could live up to all the glowing accounts that have been written about her all over the United States.

Following the concert, a reception was held for the artists at the Country Club, with Mrs. Ann Mayock as official hostess. Others present were the officers of the Concert Series, and the workers who have pledged their support in selling memberships in the next season's community Concerts. The opening campaign dinner will be held next Monday evening at the Veterans Memorial Building in Niles, according to Mrs. Roland Bendel, general chairman of the local Community Concerts.

NILES DISTRICT BUYS INHALATOR

The Niles Fire Department has added an inhalator to its equipment, Fire Chief Clarence Crane announced this week. Costing the Niles Fire District $600, the inhalator is of the dual type, permitting resuscitation of two persons at a time.

It will be available for use anywhere in Washington Township, Chief Crane states. Instruction of firemen in use of the equipment started yesterday evening. Victims of asphyxiation, immersion and heart attacks are often saved from death by use of inhalators, he added. Latest case of such nature was in Irvington when a man overcome by gas was saved by prompt action of Irvington firemen.

Commissioners of the Niles Fire District are J. J. Alberg, E. E. Dias, Leon Solon, Virgil Young and A. M. Alves.

Lawrence Avilla and Joe Perry are assistant chiefs in the department.

Easy as Rollin' Off a Log!

Fellow says to me the other day, "I'm tired of mule farming . . . tired of rassling an old walking plow . . . tired of eating dust behind a cultivator."

"Why don't you get a Farmall Cub tractor with fingertip Farmall Touch-Control," I says. "You just attach your implement, then—with your finger—tell it what to do!"

"Yessir, plowing like this or any other small-farm operation is as easy as rolling off a log." As he drove his Farmall Cub out the door, I mentioned to him, "When your Farmall Cub needs parts or service, I'm right here."

LARGE ATTENDANCE AT WARM SPRINGS FIREMEN'S DINNER

Approximately 70 persons attended the annual Warm Springs Firemen's Dinner held at the elementary school cafeteria last Saturday evening, according to Mrs. Joseph Wagner, hostess for the affair.

Following the dinner prepared by Mrs. Ida Richards and Mrs. Brennan, and served at tables attractively appointed with small fire engines and brass and chrome fire extinguishers, Marshall Jones, sales manager of the Capital Fire Company in Sacramento, described operation of the life saving resuscitator.

"The talk was informative and showed the need for such an instrument in a community," Fire Chief John Souza said. "We are collecting donations now for purchasing one of them and with the addition of $25 donated recently by Mr. and Mrs. Joe Maciel, Warm Springs, the total amount contributed reaches $165."

A resuscitator can be seen at Brown's Merchandise Store in Warm Springs, Souza added. "We would like to have interested persons see it demonstrated."

Souza said the instrument would be available for use by anyone in Washington Township, Alameda County, and also for use in Santa Clara County if necessary.

Dancing in the auditorium followed the demonstration and music was furnished by Mrs. Manuel Vargas, pianist; Vernon Vargas, saxophonist; Donald Dias, drummer, and vocal selections were presented by Miss Kay Porge of San Jose.

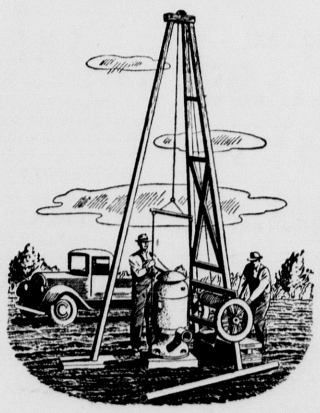
Give Your Irrigation Pump a Spring Tuneup NOW



Because...

1. This is the so-called "slack" season of the farm year and a good time for maintenance and repair jobs.
2. Pump repairmen are available and there is plenty of time before the irrigation season in which to order necessary materials and parts.
3. A good overhaul job will give you maximum efficiency and increased water flow.
4. By having pump adjustments made now you may avoid a possible breakdown during the critical irrigation season.
5. Doing your Spring pump tuneup job early is good insurance for an adequate water supply when it is most needed.
6. At the time pump adjustments are being made you have a convenient opportunity to clean your well.

Examine your pumping installation and if there is any indication that repairs or adjustments are needed, don't delay but see your pump dealer at once.

Thinking Things Over...

By VIVIAN BATMAN

I have come across some rather ridiculous rumors since we have lived in Niles, but the one I heard last week is about the funniest—probably because it concerns ourselves.

My ten-year-old son threw a rock about two weeks ago on the school grounds and hit a seagull. The poor bird was crippled, and my son was broken-hearted because it had to be killed. He finally got over the incident, however—but the repercussions!

My husband and I were having lunch in downtown Niles one day last week. Someone (we'll let him remain anonymous) came up and said, with obvious discomfort, "You know, Mr. Batman, when I hear something about somebody, I like to get the true story." He hesitated an instant, and then took a deep breath and plunged on, "You know, they're saying all over Niles that you've shot two seaguls, and you were turned in to the game warden, and then you tried to shoot the game warden!"

We haven't had such a good laugh for a long time! But it proves how rumors need nothing more than a small incident to spread and grow until they're beyond all belief.

For the sake of the record, let it be said that my husband is not a hunter, doesn't even own a gun, has NOT been out shooting seagulls—and what in the world would we do with a seagull if he HAD shot one!.. Don't tell me people eat them!

And don't, for heavens sakes, send me any seagull recipes!

We've had a couple of interesting letters this week. One we can't publish because it is anonymous (however, Taxpayer, we're looking into the matter), and the other we will publish because it's from a good scout (and that goes for either small or capital letters). And, after all, this is SCOUT WEEK.

The letter reads:

"Last week one of my former Scouts, now a graduate of W.U. H.S. and at present working for a nation-wide firm, approached me and said, "Phil, I didn't realize until now the value of Scouting."

He had me gasping for a second or so and when I recovered I asked, "Just what do you mean by that?"

Well, he gave me the answer, and it did make sense. On his job he was required to take an 18-hour first aid course.

With a big smile on his face, he told me how easy it was to breeze through that with his Scouting first aid as a background. Then it seems that they gave the crew knot-tying lessons. This former Scout then threw a bowline around a post in quite a hurry.

The boss couldn't believe it, and decided to compete with our former Scout. Well, you know the answer—the boss is still trying to figure out how the bowline gets tied so fast!

It is these little things that come back to us now and then over a period of time that tells us we have a successful program, building the men of tomorrow.

Scoutingly yours.

WILLIAM BECK IS NEW. N.Y.C. DIRECTOR

William Beck was elected to the Newark Youth Center Board of Directors last week, at a meeting of the Youth Center Committee.

He succeeds R. A. Alberts, and will serve with Sam G. Scott, Mr. and Mrs. C. A. Gunn, and Henry Lewis on the board.

Twenty committee members attended the meeting, an annual event. Directors allocate meeting dates at the center, and handle all business matters in connection with the building.

Scott is secretary of the board, and Chester Gunn is president. Lewis serves as building superintendent.

The board will meet some time this month at a reorganization session. Meetings are held three times a year.

VALENTINE DANCE IS STAGED BY C.Y.C.

Approximately 80 persons were in attendance last Saturday night, at an annual Valentine dance sponsored by the Catholic Youth Center held at Parish Hall, Centerville.

Decorations for the affair were set by "Tex' Silva and his committee. They were highlighted by a heart 14 feet high lettered with the words, "Be My Valentine."

Music, furnished by a juke box, was under the direction of Club President Ray Bettencourt.

Refreshments, furnished by De Guadalupe Institute, Y.L.I., were served by Mrs. Dorothy Cardoza, Mrs. Madeline Santos and Mrs. L. Facey. Soft drinks and hot dogs were served.

Mr. and Mrs. Joseph L. Furtado sponsored the dance, substituting for Mr. and Mrs. Phil Sousa, who were away at the scout exposition in Hayward.

Folk dancing was started during the evening, and will be continued at later affairs if the group desires.

CHAIRMEN NAMED IN FUND APPEAL

Appointment of five Washington Township community chairmen to head the local building fund appeal for the Sisters of the Good Shepherd Home in San Francisco, was announced this week by Andrew J. Lynch, general chairman.

Committee chairmen include Judge Allen G. Norris, Centerville; Walter Connolly and Edward Rose, Mission San Jose; James Collins, Newark; and John Cattaneo, Niles.

In the Hospital

Musical Evening At Newark Home

Mr. and Mrs. William Dutra of Newark were hosts at a very entertaining and unusual social gathering last Saturday night, which was in honor of that up and coming young song composer, Mrs. Marian Pettibone of Centerville, who was complimented by the presentation of an orchid.

Another musical personage was also present, thus putting the evening on an entirely musical "note." The latter was Mr. Asbjorn Finess, distinguished viola virtuoso of Oslo, Norway, who is waiting only for the required six months residence in the United States before accepting an offer to join one of our famous symphonies. He is presently living in San Francisco.

Other guests at the gala affair were Mr. and Mrs. Olaf Helm of San Francisco, Mr. and Mrs. Tomas Daley, also of San Francisco; Mr. and Mrs. Morris Marks of Mission San Jose, Mr. Oliver Campos of Hayward, Mr. and Mrs. Clyde Hewitt of Newark, Mr. and Mrs. LeRoy Broun of Centerville, Mr. and Mrs. William Maffey of Oakland, Mr. and Mrs. Harry Houston of Newark, and Mr. and Mrs. M. de Campos of Hanford.

Mrs. LeRoy Broun is Hostess at Tea

A tea, given by Mrs. LeRoy Broun at her home in Centerville last Friday afternoon, climaxed a long string of social events in honor of last Sunday's bride, the former Phyllis Day, who is now Mrs. Lincoln D'Amario.

Mrs. Broun's home was decorated in arrangements of gilded magnolia leaves. The tea table, in its attractive appointments, was presided over by the bride's grandmother, Mrs. Orvie Day, who poured during the first hour. Mrs. Harold Garcia, her aunt, poured during the second hour, and Mrs. Ed Rose did the honors for the remainder of the afternoon. About 70 guests called to offer their felicitations to Phyllis.

At Convention of Purchasing Agents

Mr. and Mrs. Harvey Granger attended a banquet last Friday evening of the Purchasing Agents of California. The affair was held at the St. Claire Hotel in San Jose, and featured a highly interesting talk by Capt. John Ruggles, who piloted Winston Churchill around in his plane during the war.

The Grangers were guests of her uncle, John L. Stewart, who is purchasing agent for the county of Santa Barbara.

Mr. and Mrs. Grover Truman from Oneida, New York, are house guests this week at the home of Mr. and Mrs. Dan Marble of Niles.

Another recent visitor at the Marble home was Mrs. Pearl Wiseman of Stockton.

In the Hospital

Mrs. Rose Snyder of Niles is reported to be in an Oakland hospital.

THE YOUNGER SET

ELIZABETH ANN LOZE —Stinhilver photo

If you should meet this buxom little lass above, Miss Elizabeth Ann Loze, better known as "Libess," you would likely have the impulse to pinch her fat, dimpled cheeks. That is, you would if you were an average person, for, according to her mother, Mrs. Stebler Loze of Centerville, that is what most people do when they first see her.

"As a matter of fact," she admitted, laughing, "I've had to stop taking her down shopping with me because so many people were pinching her cheeks that her skin —tender, of course—was becoming black and blue!"

To see Libess is to not only want to give her little cheeks an affectionate pinch, but to squeeze her as well. She is that lovable.

Fifteen months old, Libess is a blue-eyed blonde, with the housewifely instinct developing early, for her favorite occupation is arranging and re-arranging her mother's pots and pans. She also likes to "rock" her baby sister, three and a half months old Ericka.

Libess' daddy is well-known in the township as an instructor at Washington High, in physics and chemistry. He also has gained considerable fame as a photographer and teaches a course in that subject at Washington High evening school.

The Lozes have lived in Centerville ever since they were married. They came here from Berkeley.

Libess' grandparents are Mr. and Mrs. Arthur Price of Berkeley and Mrs. J. E. Loze of Saratoga.

SOCIETY MEETS

PHYLLIS DAY BECOMES BRIDE AT LARGE WEDDING IN CENTERVILLE

White carnations and magnolias in arrangements made by Mrs. Thomas Power and Mrs. W. L. McWhirter, decorated Holy Ghost Church in Centerville for the formal ceremony last Sunday at which Miss Phyllis Day became the bride of Lincoln D'Amario.

Escorted to the altar on the arm of her father, Mr. Wayne Day, the bride presented a beautiful picture in an exquisite white gown which was designed and fashioned by Mrs. LeRoy Broun. Of imported lace over white satin, the gown was styled en train, with a long veil held in place by a Juliette cap of pearls, an heirloom in the Broun family. She carried a prayer book and an orchid of an unusual deep cream color that blended into gold. Her prayer book marker was a satin streamer with baby white orchids and bouvardia.

Miss Barbara Kuegeman, maid-of-honor, was attired in a frock styled of imported gold lace over gold taffeta, with a high-neck mandarin collar. She carried a bouquet of Talisman roses, and the same flowers used with a gold band, comprised her headpiece. She wore short gold lace mitts. The bridesmaids, all gowned the same as the honor attendant with the exception of long mitts, rather than short, were Shirley Kraft, Janet de Campos, Joan de Campos and Mrs. Natalie Gomes.

The flower girls, Carol Ann Rose and Camille de Campos, also wore gold lace frocks, fashioned with an off-the-shoulder effect. They wore short gold lace mitts.

The ceremony was performed by Father O'Connor. Inez Silva was at the organ and Miss Lorraine Guiar was the soloist.

Mrs. Day, the bride's mother, was in toast color lace and crepe cocktail-length dress, wearing a green orchid.

John Grimaldi of Oakland acted as best man and the ushers were William Roaso of San Jose, George Gomes of Hanford, Robert Hayes of Oakland, and Theron Wilson of Oakland.

The wedding reception, attended by about 450 guests, was held in the Country Club, which was decorated for the occasion in arrangements of gilded magnolia leaves.

The buffet table was also adorned with magnolia leaves over a gold and white cloth, with white tapers adding to the charm of the setting.

An orchestra furnished background music and also provided music for dancing.

The honeymooners left on a two weeks' trip to Los Angeles and Hollywood after which they will return to northern California to make their home in Oakland.

For her going-away costume the new Mrs. D'Amario chose a gray silk-gabardine suit, with gray accessories.

Ruth Lucero has Ninth Birthday

The following children attended the party: Paul Cardozza, Bobbie Joseph, Frankie Margarida, Joan Vigil, Rita Ortega, Lois and Jessie Sausido, Olga Golindo and Margie Roderick.

Double Celebration At Irvington Home

There was much festivity and gaiety at the Espinoza home in Irvington last Friday night as two members of the family, Gilbert and Della, were observing their birthdays.

The Valentine motif was used with great success for table decorations, and two huge birthday cakes served the dual purpose of centerpieces and as the dessert which climaxed a delicious buffet supper.

About 65 young people were present for the affair, including those from Irvington as well as many from San Jose, San Francisco and Oakland.

Junior Mello Now

Mr. and Mrs. Herman B. Mello of Irvington are still showing their new son, Herman Beteilho Jr. to interested visitors. Junior was born January 31 at the Communitiy Service Hospital in San Jose.

HUSKIES WIN GAME IN CLOSE BATTLE WITH EAGLE FIVE

Washington High School basketballers wrote the per usual story into the scorebooks last Friday night, as the varsity won a close decision from the Mountain View Eagles 26-24, and the Washington Puppies lost another one-point heartbreaker, 36-37, to the visiting Eaglets.

In the varsity fracas the Huskies sustained one of their worst nights of the season, finally squeezing by via better free throw accuracy. Washington tallied but seven field goals in the game, while adding 12 foul shots.

Floor playing was anyhting but brilliant, with frequent Huskie passes falling into Eagle hands. Game Captain Bill Ramsey was perhaps the only Huskie "up to snuff."

Washington, hampered by flu in the persons of Gene Bramwell and Joe Sankene, held on to a slim margin throughout the contest. Half-time score was Washington 17, Mountain View 16.

The Puppies faltered at the start of their game, spotting the Eaglets a 14-1 advantage early in the first quarter before their attack began functioning effectively.

By half-time the count stood at Mountain View 23, Washington 16, and the margin proved too great to overcome.

Two here-to-fore seldom used guards, Jess Corrales and Bob Hernandez, played a whale of a game for the Puppies against a pressing man-to-man defense set up by Mountain View.

RAIN POSTPONES LEAGUE CONTESTS

Jupiter Pluvius, arch-foe of Southern Alameda County Baseball Leaguers, tipped the bucket again last Friday, halting week-end league play.

Provided he fails to resort to per-usual tactics this week-end, games scheduled for last Sunday will be played this Sunday.

Township nines slated for action are Niles Merchants, who meet the Ashland Merchants at 2 p.m. at Bret Harte diamond in Hayward; and Irvington Merchants, who will take the field against the United Auto Workers at Irvington in a 2 p.m. clash.

Third township league entry, Marlo Packers of Decoto, draws a league bye.

In the scoring department Armando Morlos and Ralph Juhl paced the Puppies with 14 and 10 points, while Ramsey and Sankene led the varsity with nine and eight digits.

BASKETBALL CLINIC SERIES STARTS AT WASHINGTON HIGH

Last Saturday the Washington Township Basketball Clinic "opened for business" at Washington High School under the direction of Coaches Clyde Voorhees and Don Wolfe. The clinic will be continued for two more Saturdays, February 12 and 19.

It is designed to give seventh and eighth grade boys from all elementary schools in the township an opportunity to learn the basic fundamentals of basketball. This is the first of a proposed series of clinics which will be given in all sports, according to Voorhees.

Each school is allowed to send ten boys to the clinic each week and the coaches ask they be accompanied by a supervisor.

Topics to be discussed, demonstrated and practiced are offensive and defensive stances, and advance, side step, retreat, pivoting and turning methods in correct footwork. The boys will be given instruction in passing, dribbling and shooting and they will be shown methods of zone, and man to man defenses, Voorhees stated.

Short play periods for the purpose of allowing all participants to actually put into practice that which they have learned will be supervised by the Washington coaches.

Irvington Merchants baseball team "took the night off" last Saturday evening and as a group journeyed to Berkeley to view an ice hockey game, according to Manager Frank Mayer.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

NEWLYWEDS VISIT HERE

Mr. and Mrs. Frank Barros of Oakland spent a few hours Sunday afternoon visiting former old friends here in the Mission. They were married in Reno two weeks ago. They spent the time at the home of Mr. and Mrs. Ed Chambers, Grace Meyers and family and at the Bottenbergs.

HAPPY RETURNS!

Several birthdays were celebrated this past week. Cecelia Schneider was sweet sixteen on Saturday and the family went to San Jose for a ham dinner, followed by a trip to the theater. Mrs. Anna McGovern was also a birthday celebrant and Mr. and Mrs. Frank Castro of Our Place celebrated their wedding anniversary on February 1.

TAKE IT EASY!

Friends of Mrs. Havanna McNemar are indeed glad, for last week she actually walked from her home on Olive Lane to the post office, the first time in over two months. She had been in a heavy cast following an accident to her back while helping around her home garden, but now she is able to get around slowly with the aid of a "regular old fashioned seventeenth century corset" which she will have to wear for about a year. Take it easy, Mac.

BEST WISHES

Last week Mr. Joseph Santos of Ellsworth Street went to the San Jose Hospital where he underwent surgery and is now at his home doing nicely, thank you. Mrs. Margaret Turner, one of our old timers who was also rushed to the same hospital, is in very serious condition and has the best wishes of all her friends and neighbors for a quick recovery.

FROM COOL

Mrs. Mildred Steele and son, Douglas, of Cool, Calif., are at the home of her parents, Mr. and Mrs. Joseph Santos where she is assisting mother Santos in being a nurse for her dad, Joe Santos.

POT LUCK SUPPER

The Mothers Club of Mission San Jose Grammar School is really going to try to get everything lined up for the coming fall. Perhaps a cafeteria on a small plan, new dishes and many other things are on their roster. On Saturday evening they will hold a pot luck supper for members and their families at the school. This is a "get acquainted" party more than anything. At their last meeting, five new members joined the group, making their membership over 20. Right now there is a "Traveling Basket" making the rounds of the members (and I hear a few who are not members), but the more the merrier for it is their first attempt to make a little extra cash for their immediate needs. Later there will be a social dance, date to be announced later.

NEW ARRIVALS

Ray and Emelie Smith of Campbell, whose mother runs the Guadelupe Inn here in town, have been enrolled in our grammar school. There are quite a few new arrivals for our school. The two families of Johnson children, some Japanese children from the Olwell Berry Farms, and Bobbie McGowan is back.

A TONSILECTOMY

Little Helen Neeley, tiny daughter of Mr. and Mrs. Richard Neeley, spent several days this week in an Oakland hospital where she underwent a tonsilectomy.

TO MARIN COUNTY

Reverend Father Lawrence, who has been at Benecia for several months, paid his former school here, St. Mary's of the Palms, a visit for a couple of days this week and then took leave again for Ross, Marin County, where he will be located at the Dominican Order. He is much better in health and all his friends wish him luck and good health.

MOVE TO WALNUT CREEK

After many years as residents of the Mission, Mr. and Mrs. C. L. Best of the Palmdale Estates have left our community and moved to Walnut Creek to make their future home. Mr. Best is connected with the Caterpillar Tractor Company in San Leandro. We hated to see them go but it was their wish.

Mr. and Mrs. O. L. Starr, also of the estate, are building a new home on a few acres which they reserved for themselves when the estate was sold to the Holy Family order of nuns. The order expects to come into the Mission about April 1 and occupy the homes on the estate. Jack Pereira, who has been with Mrs. Best for 22 years, will remain as the gardener for the sisters.

MOVES AWAY

Mrs. Marie Enright, who has been one of our long time oldsters here in the Mission, left our community last week to live in Hayward near her granddaughter and family.

WHIST PARTY

The Men's Social Club of Mission San Jose have decided upon the date for their whist party and it is February 18, at 8:00 p.m., in the I.D.E.S. Hall here. The public is invited to attend.

NO GIRLS!

Six-year-old Glenn Andrade, son of Mr. and Mrs. Alfred Andrade, celebrated his birthday on Saturday afternoon, and what do you know, he insisted it was "for boys only!" I bet ten years from now it won't be that way. Mommie Dolores had the table all decorated in blue and rose, a large decorated cake in the center and ice cream to delight his young guests. Following an afternoon of games, young Glenn opened his nice gifts, after which refreshments were served. Brother Edward Allen Andrade, Michael Overacker III, Larry Thompson, Roger Content, and cousins David and Gerald Telles of Irvington were his playmates for the occasion.

NEW PREXY

The Mission Youth Center held its semi-annual election of officers on Thursday evening, Feb. 3, at the I.D.E.S. Hall, with Gene Bramwell chosen as president to replace Richard Meyers, who had served two terms; Elmo "Cappy" Cunha, vice-president, taking over Elaine Borge's place; Marlene Fernandez, treasurer in Donald Meyers' capacity, and Helen Vierra replacing her sister, Phyllis, as secretary. Sergeant-at-arms for the next six months is Clarence Fernandez. The refreshment committee is as follows: John Recends, Phyllis Vierra, Richard Meyers and Nadine Fernandez. The social meeting was not decided upon at that meeting so a special one was held on Thursday evening to decide what and when.

On Saturday little Ruth Diane Santos, daughter of Mr. and Mrs. T. C. Santos of Burlingame, returned home to her parents and brother, Michael, after spending a week with Nana Bottenberg of the Mission, in Placerville, where they took care of Cousin Teri June Kamp while sister Vicki Jay was in Sutter Hospital undergoing surgery. Dee Dee had a grand time playing in the snow which was all of six inches deep.

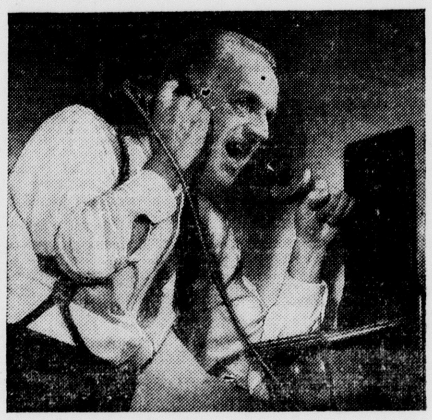
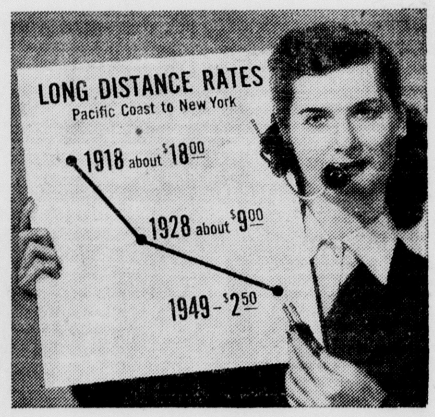
WHEN FATHER CALLED NEW YORK

How in a few short years, Long Distance has speeded service, improved clarity, lowered rates



1. Back in 1918 it was quite a thing to call long distance all the way across the country. Took a good set of lungs, too. In those days you had to use as much voice to talk long distance as you would in calling to another person eighty feet away across an open field.

2. Today it's just as easy to talk across the nation as it is to talk to someone just across the table from you. Continual improvements in the telephone instrument you use, in telephone lines and cables, in voice-boosting equipment along the way, make a normal voice carry 3,000 miles or more with ease.



3. Rates have gone down amazingly. In 1918, Father paid about $18.00 for the miracle of talking Coast-to-Coast. Worth it, too. By 1928, we'd been able to drop rates to about $9.00 for a three-minute station daytime call. And today you can make the same call for just $2.50, plus tax. Here's one of today's big bargains.

4. Takes less time today to get your connection. Now calls go through in an average of less than two minutes. These are just a few examples of the way telephone service grows in value . . . becomes a better buy. A local call still costs just a few pennies. Compared to other prices, telephone service is one of your biggest bargains today.

HIGH CHATTER

By MARGARET COLE

"Sure hope we beat them!" Of course we will; Washington can do anything." These and other confident remarks sounded the keynote for the high spirits that possessed everyone at the pre-game rally last Friday. The basketball demonstration put on by our team convinced everybody that Mt. View would have a tough fight that evening. Sure enough! A winning score of 26 to 24 put the Huskies in a tie with San Jose Tech for first place in the S.C.V.A.L. Bill Ramsey, who hails from Niles, was high-scorer for the evening.

"Will you be my Valentine?" (Form a line boys!) The first sign of the "silly season" was a large heart placed in the center of Parish for last Saturday's gala affair. It was a most attractive centerpiece and had undivided attention probably because it was a hazard to the gay abandon of the dance. Folk dancing really is catching on with the teen-agers. Guests at the C.Y.C. had a very jolly time stepping to the California Schottische.

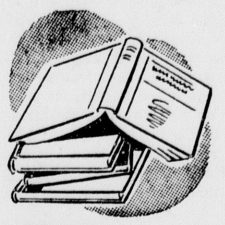
The Congregational Church in Niles has a dance every Saturday. So far they have not been too well attended. The new recreation building provides excellent facilities for dancing, so lend your support and let's have a large turnout.

What'll they think of next? Not only do they wear sideburns (Joe Sankene fashion), low cut levis and startling shirts, but now, heaven help us, it's earrings! Paul Mognana, I believe, has the largest assortment. Was it last year or the year before that these manly characters took to dyeing their hair? They're still doing it.

Those noon basketball games are well attended and are loads of fun if you don't object to being pelted with slightly used food. There are those who are continually getting it in the neck, with banana peels. They're the comparatively lucky ones. You are just as likely to get in the way of the remains of someone's lunch, half a stick of ice cream or a wad of very second-hand gum. By way of compensation there are times when you'll be favored with a song or two from the dubiously powerful tonsils of the male sex. It has been suggested, not in the spirit of carping criticism but out of sheer regard for the finer things in life, that you boys quit trying to out-sing each other and keep it on an even keel.

Is it true that Mrs. Doane refused to give credit for the logically formulated proposition of a mathematically-minded character afflicted with the pangs of early spring? It goes like this:

Given: I love you.
Prove: You love me.
Statements
1. I love you
2. Therefore I am a lover.
3. All the world loves a lover.
4. You are all the world to me.
5. Therefore you love me.
(Just plane logic.)



At the LIBRARY

By ELAINE HOWE

The weather remains consistently and tiresomely UNUSUAL, and flu germs are no respectors of busy people. In such case a little variety, guaranteed to make you forget your troubles for a while, is indicated. I prescribe any of the following according to your own preferences.

Small boats fascinate most boys and men. In "Your New Boat" the editors of Yachting Magazine have brought together a practical guide for boat lovers—sail, motor and auxiliary. There are detailed plans for 125 boats from 8 to 40 feet in length. Many details of rigs and motors are clarified by diagrams, and some really gorgeous photographs add to the book's interest.

Many people have artistic talent even though lacking formal training. A real boon to the amateur artist is "Complete Guide to Drawing, Illustration, Cartooning and Painting," by Gene Byrnes. It is a big detailed workbook, outlining step-by-step lessons for beginners and more advanced artists. Besides the standard human and landscape art, there are sections on magazine and book illustration, fashion and advertising art. Wonderful for students and real amateurs.

The Have-More plan deserves a column by itself, but I hope you will discover its full potentialities on reading about it. Ed and Carolyn Robinson bought a small farm on a shoestring, and worked out a system for raising most of their food—with as little time and work as possible. It's really fascinating, "The Have-More Plan for a Little Land—A Lot of Living." There are some new methods and devices the Robinsons worked out which should interest progressive farmers.

Mr. and Mrs. Kenneth Hallen, former Irvington residents now living in San Leandro, are proud parents of a baby girl, Lana Rose, born January 28.

SCOUTS TO CALL AT LOCAL HOMES

Over 600 Boy Scouts and Senior Scouts in the South District of the Oakland Area Council will call on homes in Southern Alameda County this month in the council's "citizenship campaign" serving as a kick-off in the crusade to "Strengthen the Arm of Liberty."

Taking place during Citizenship Week, Feb. 12 to 22, the Scouts will call on homes, explain the crusade, and leave copies of the Bill of Rights, reminders to vote at the next election, and asked to write to their congressmen on important issues. Citizens will be asked to sign a card to assist in the ideals of the crusade and be given in return an award by the Boy Scout.

The campaign is being sponsored by the Oakland Junior Chamber of Commerce and endorsed by many local clubs, organizations and public officials.

The house to house citizenship campaign is the local council's kick-off to the national crusade that will be climaxed in 1950 when the Boy Scouts of America celebrate their 40th anniversary.

ALVARADO MOTHERS PLANNING BAZAAR

Plans for a Spring Bazaar to be held on the grounds of the Alvarado Elementary School and sponsored by the Mothers Club are progressing favorably, according to Mrs. Alvina Brune, president of the group.

The benefit festival to be presented in May is to raise funds for the purchase of additional paper cups for the serving of surplus fruit juices furnished each day by the government for the school children. The government does not provide paper cups for the schools.

Members of the club are meeting each Thursday at 7 p.m. at the Vallejo street home of Mrs. May Santos for the purpose of completing work on their handmade articles to be sold at the bazaar.

The organization has also scheduled a whist part to be held February 25, at 2 p.m., at the elementary school auditorium. The public is invited, Admission will be 30 cents, according to Mrs. Brune.

Other officers of the club are: Mrs. Lorraine Silva, vice-president; Mrs. Marian Hocking, secretary; and Mrs. Winifred Harper, treasurer.

RECREATION PLANS HALTED BY RAIN

Week-end soupy weather put kinks into the organization of a new recreation program at the Decoto Elementary School which was to have started last Saturday, according to L. W. Musick, district superintendent and school principal. Saturady weather did clear, however, and a large number of interested students turned out to participate, although leagues were not set up and teams were not selected.

Musick announced that the sign-up of students will take place this Saturday at the school. Leonard Smith, San Jose State College student, is in charge of the newly instigated program.

Talk of the Township

By JIM RITCH

Centerville Scoutmaster Orion Dunbar, Assistant Scoutmaster Robert Walstra, and the members of the Centerville troop certainly hit on a new and interesting way to provide incentive to gain knot tying know-how. Prizes were given at the scout exposition in Hayward for correct knots tied—but the hitch (or half hitch, as the case may be) is that contestants had to throw darts at a board listing all scout knots, then tie knots designated on squares where the darts stuck.

Observant readers will note the Newark Chamber of Commerce is calling their junior-edition hot rod race a "Salt Box" rather than "Soap Box" Derby. Reason, so Harry Houston tells me, is that the latter name is copyrighted.

DECOTO'S OWN Hank Borghi (who's not of Niles, no matter what radio announcers may say) is quite a rugby player when football bites the dust—and so is Eldon Mohn, who is of Niles. The two teamed up the other day for the University Rugby Club, and put up quite a show before succumbing to some farmhands from Stanford, 11-0.

POSSIBILITY THAT township flyswatters will see little action next summer as a result of this cold weather we're still having, was brought out this week in a report published by the Alameda County Mosquito Abatement District.

According to the report the constant cold has so delayed the normal hatch of "Aedes squamiger and Aedes dorsalis larvae," — (which one has the toni?)—which usually appears in January, has been delayed and as of the end of the month no larvae had been found on the salt marshes in the district.

As a matter of fact, mosquitoes-on-the-wing are becoming pretty scarce, too. According to the report, only 24 adult mosquitoes were nabbed in the district's regular collection stations.

A NEWCOMER to the nuclear physics world, so we hear, is Fire Chief Clarence Crane of Niles. Thanks to a visit to the U. C. cyclotron setup at Berkeley, he's now a full fledged expert on atomic energy and related matters—in the hot stove league at least.

WHIST PARTY IS PLANNED BY CLUB

Plans are now being made by the Newark Women's Improvement Club for a whist party to be held February 25 in the Newark Elementry School auditorium.

The event will be held under chairmanship of Mrs. Lilly Lloyd, who will be assisted by Mrs. Anne Gunn, Mrs. Polly Pine, Mrs. Irene Fields, Mrs. Ann Castro, Mrs. Jane Dias, Mrs. Oakes, Mrs. Rebecca Guerrero, Mrs. Monford Krueger and Mrs. Mary Gastelum.

NEWARK CHAMBER ENDORSES PLAN

NILES V.F.W. PLAN BENEFIT DANCE

Niles Veterans of Foreign Wars, Vallejo Mills Post No. 8293, is planning a benefit dance on February 19 in the Newark Pavilion, according to Joe Janeiro, general chairman for the event. Music will be furnished by Frank Gygax and his seven-piece orchestra.

Janeiro will be assisted by the following committeemen: Jerry Sletten, Frank Mello and Arthur Marlen.

WHIST PARTY IS SET FOR TONIGHT

A whist party sponsored by Lady of Fatima Council, Y.M.I., will get under way tonight at 8:15 o'clock in the Irvington Grammar School auditorium.

The program has been planned by a committee headed by Council President Edward L. Rose.

ALVARADO PUPILS ELECT OFFICERS

Election of student body officers at the Alvarado Elementary School last Friday was so close, a revote was necessary to determine new officials for the coming term of office. At a previous meeting, George Cicarios was elected president on a white ballot while Rodney Hendricks received a unanimous vote for the district attorney position.

After votes had been tabulated the following students had been elected to office: Antwine Rigmaiden, vice-president; Marlene Andrade, treasurer; Julio Marieneo, sergeant-at-arms; Masaharu Hisaoka, athletic monitor; Johnny Carlson, sixth grade representative and Dolores Silva, eighth grade.

The revote was held last Tuesday and students were elected to the following posts: Angie Preciado, secretary; Yoshio Kamiji, news reporter; Andrew Pimentel, assistant district attorney; Natalie Cicarios, parliamentarian; Bobby Jones, fourth grade representative; Arnold Hernandez, fifth grade; and Sadako Kuritori, seventh grade.

The names of Raul Villarreal and Frank Corrales, running for judge, and Rosa Barrera and Gloria Apodaco opponents for the position of clerk, will go before the student body at a meeting to be held next week and a decision will be made for filling the positions.

NILES CUBS WILL HOLD PACK MEET

The Niles Cub Scouts will have a pack meeting on the night of February 17, according to an announcement this week.

All of the Cubs of the four packs are invited to attend. The den mothers will plan an appropriate program.

AL SILVEIRA IS VICTIM OF MUMPS

CANYON HEIGHTS

By MARGARET COLE

WEDDING BELLS IN ARABIA

Friends of Mrs. Mouzon Matthews will be interested to know that her sister, Leona May, daughter of Mrs. C. I. May of Newark, will be married in April to Charles Voze of San Jose. The marriage will take place on beautiful Bahrein Island, pearl center of the world. Both Miss May and Mr. Voze have been in Dhahran, Saudi-Arabia, for the past three years, she as secretary to the Arabian-American Oil Co., and Mr. Voze in the capacity of Superintendent in charge of Aramco Hospital in Dhahran.

FROM GUAM

Chief Warrant Officer Paul Harter has returned to his home on Deer Road after a three months stay in Guam. While there he met the Atencios, former residents of Canyon Heights. Mrs. Atencio sighs longingly when she thinks of the Heights, describing it as " a little Heaven on earth." Mr. Harter, serving as engineer on a Navy cargo carrier, will return to Guam in April.

CONGRATULATIONS!

We're proud of our young neighbor, Ronnie Dennis. He won second prize in a Township-wide contest, with a five hundred word essay entitled "Pattern for Peace."

A GOOD IDEA

Mrs. D. J. Clark went to Sonora last Thursday to visit the George Murphys who used to live in Canyon Heights. The day before Peggy Murphy had fallen down a flight of stairs breaking her leg. She'll be in an ankle to hip cast for some time. Might be a good idea if we sent a card or note occasionally.

WARM SPRINGS CLUB HAS NEW MEMBERS

The Warm Springs Women's Club held its last meeting on February 3 at the grammar school.
